EXPLORING THE ETHICS OF PHOTOGRAPHY - Mick Yates

Mick will examine how photography has always shaped truth, memory and power - asking not just how we create and see images, but how images shape the way we see the world. The talk blends philosophy, technology, and decades of photographic practice. Trigger warning - some images are challenging. - After a global business career, Mick is Visiting Professor of Interdisciplinary Ethics at the University of Leeds, a Fellow of the Royal Photographic Society, and co-founder of the PhotoFrome Festival.

ICONIC PHOTOGRAPHS THAT WOULD BOMB IN CLUB PHOTO COMPETITIONS - Mathew Lodge

Light-hearted examination of iconic photography from over a dozen photographers in the last 100 years that would never win a club competition (based on reasons given by judges during previous competitions). We consider the themes that emerge as to why images are excluded or score poorly, and ask: What makes a good photograph?

MEMBER'S FAVOURITE FAILURES

Bring one or two images you love that bombed in competition. Mathew and the group will explore what works, what the judge may have missed, and why photography isn't just about the score.
